### Why should I list?

6392 people landed on fishkeeping.co.uk from search engines in October 2005. Advice to new members often involves the purchase of test kits and medication. You listings are only shown to people in your area. Posting in the forums helps our members and promotes your business.

### Why is it free?

Listings are free so we can evaluate the system and add features. Eventually a fee will be charged for some of the features available.
